Senior Consultant - Healthcare Financing

National Health Systems Resource Centre (NHSRC) has been set up under the National Health Mission (NHM) as an autonomous registered society, to provide technical assistance and capacity building support to the states for strengthening the public health system. The NHSRC is also mandated to contribute to health policy / programme design and evaluation.

If you have a commitment to health equity and excellence, here is a unique chance to work with a team committed to shaping the public health landscape in India. The position offers you an opportunity to participate in the process of strengthening health systems, improving health service delivery and enabling positive health outcomes, through hands on implementation assistance at national, state and district levels. Working with a trans disciplinary team, you can discover, adapt, co-create and disseminate solutions to multiple challenges related to service delivery systems, universal primary health care, human resources for health, community processes, health financing, quality of care, public health planning and health promotion. This is an opportunity to support health systems strengthening at scale, learn from district and sub district implementation, undertake knowledge translation, and enable realization of the vision of universal health coverage.

The position is specifically for the requirement of Senior Consultant – Healthcare Financing purely on contractual basis.

Roles and Responsibilities

- Lead the HCF team to develop the National Health Accounts and support states to work on State Health Accounts
- Analyse data regarding budgetary allocations for health and expenditure patterns in states and the centre
- Develop analytical reports derived from studies and large Scale Household Survey Data on Health Expenditure such as NSSO
- Able to work on cost effectiveness assessments of various programmes and technologies.
- Undertake studies to understand financing of different programmes and fund flows, and make recommendations on improving allocative efficiency and use of financing as tools for programme management and improvement.
- Undertake programme evaluation especially of public private partnerships and insurance programmes.
- Provide technical input as Public Health and financing expert to different stakeholders.
- Any other activity as allotted by Advisor – Health Care Financing and Executive Director, NHSRC.

Qualification & Work Experience:

- Possess a MBBS / BDS / AYUSH degree from a reputed Institute with a Master's in Health Management, specialised in Health Financing / MBA (Finance) Or Doctorate or M.Phil in Economics / Applied Economics / Health Financing
- Minimum 5 years of post-qualification work experience in undertaking analysis of large scale data and on health funding state
- Computer proficiency with high level of familiarity with commonly used packages like MS Word, Excel, Power Point; any one computerized accounting package is highly desirable.
- Excellent communication and presentation skills, analytical and interpersonal abilities, excellent oral and written communication skills in English.
- Working knowledge of Hindi also desirable.
- Demonstrated ability to work in a multi-disciplinary team environment.
- Experience of working with senior government officials at central and or state level is highly desirable
- Formal educational qualification and experience could be relaxed when there is published work of high quality or work experience of specific relevance.
- Candidates found suitable for other positions within NHSRC would also be considered.
